## **Lateef - Documentation**

Thank you for your interest in the Lateef font. Lateef includes full support for Unicode 17.0 Arabic ranges (excluding the Arabic Presentation Forms blocks, which are not recommended for normal use).

This documentation is a set of HTML pages that can be viewed in any modern web browser. PDF versions of these pages are also provided. This content, plus download links and a contact form, are available from the Lateef site.

- About Information about this project and SIL Global
- Resources Help with installation and use
- FAQ Common questions and answers
- Design History and background of the design
- Character set support Details of Unicode characters that are supported
